Place your order online!

[www.nslswcd.org](http://www.nslswcd.org)

Visit our website for detailed product descriptions.  
As items sell out, the website will have exact availability.

### Native Plant Kits

- \*Plant kits come as one flat, containing 36 plugs of 6 different species, all ready to plant
- \*Each kit includes 5 flowers and 1 grass species from the lists below (species mix will depend on availability from the grower)
- \*Each plant is grown in a 2" x 2.25" x 3.25" cell

### Septic Mound Seed Mix

New this year! A Septic Mound Seed Mix for \$75. It is specially designed with species ideal for poor-soil septic mound and drainfield areas. The University of Minnesota recommends native grasses and wildflowers, such as these, on septic mounds to improve soil stability and provide cover to limit frost depths. Seed mix covers 2,500 Sq. Ft.

*Thank you for supporting  
local conservation by planting  
trees and native plants!*

\*\*Due to the perishable nature of plants & trees and numerous factors beyond our control, the SWCD cannot guarantee tree or plant condition after pickup. No refunds, replacements, or credits are available. Any concerns must be addressed within 2 weeks of pickup. \*\*

\*\*\*Trees and plants will only be available during scheduled pick up times. Reminders will be sent out prior to the pick up dates. The SWCD cannot hold orders past the end of scheduled pick up times. You may have someone else pick up your order. Orders not picked up will be donated and will not be refunded. \*\*\*
