\*Plant kit species included will depend on availability. Selected species will be suitable and representative of the native species in our area

### Seed Mixes

- Buckthorn Replacement Seed Mix \$125 (**NEW!**): Aggressive shade tolerant grass and sedge species. Covers 5,000 square ft. Best if used with continued removal efforts.
- Septic Mound Seed Mix \$110: A mix of species ideal for poor-soil, septic mound and drainfield areas. Seed mix covers 2,500 Sq. ft.
- Shoreline Seed Mix \$75 (**NEW!**): Shorter grasses & sedges and wildflowers 2-3' feet tall to grow 1-2' from the water's edge. Covers 1,000 square ft.

\*\*Due to the perishable nature of plants & trees and numerous factors beyond our control, the SWCD cannot guarantee tree or plant condition after pickup. No refunds, replacements, or credits are available. Any concerns must be addressed within 2 weeks of pickup.

*Thank you for supporting local conservation  
by planting trees and native plants!*
